PulsePoint AED

HELP SAVE LIVES. LOCATE & REGISTER AEDS.

When a cardiac emergency strikes, finding an Automated External Defibrillator (AED) can help save a life. But that takes knowing where AEDs are located.

PulsePoint AED lets you report and update AED locations so that emergency responders, including nearby citizens trained in CPR, can find an AED close to them when a cardiac emergency occurs.

1

Locate an AED.
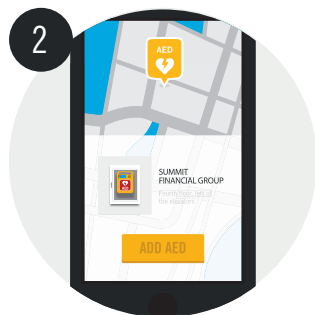

2

Register the AED using the PulsePoint AED app or at *aed.new*.
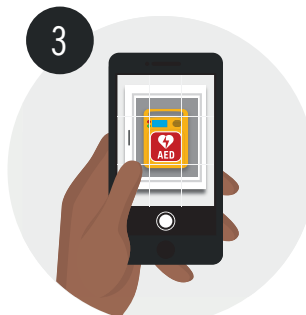

3

Add a photo of the AED in the context of its surroundings.
